

Machine Learning - Week 3

赵燕

目录

1	Classification and Representation	2
1.1	Classification	2
1.2	Hypothesis Representation	2
1.3	Decision Boundary	2
2	Logistic Regression Model	2
2.1	Cost Function	2
2.2	Simplified Cost Function and Gradient Descent	2
2.3	Advanced Optimization	2
3	Multiclass Classification	2
3.1	Multiclass Classification:One-vs-all	2

1 Classification and Representation

1.1 Classification

1.2 Hypothesis Representation

1.3 Decision Boundary

2 Logistic Regression Model

2.1 Cost Function

2.2 Simplified Cost Function and Gradient Descent

2.3 Advanced Optimization

3 Multiclass Classification

3.1 Multiclass Classification:One-vs-all
